

Managing Complexity. Enabling Results.

PRESS RELEASE

NEW LABORATORY CAPABILITIES AT SNBL CLINICAL PHARMACOLOGY CENTER.

Baltimore, MD, December 9th, 2011: SNBL Clinical Pharmacology Center, Inc. (SNBL-CPC) in Baltimore, MD has upgraded its accreditation and onsite clinical laboratory capabilities to perform moderate to high complexity test procedures. The SNBL lab team under the leadership of John Seiple, Lab Director at SNBL-CPC has obtained laboratory licensing from the State of Maryland, and has become COLA and CLIA certified. The certifications will permit SNBL-CPC to offer a larger range of clinical safety laboratory testing to its clients. These lab tests include chemistry and immunochemistry testing, drugs of abuse testing, infectious disease testing, immunology, hematology, and urinalysis. These new capabilities have the advantage of shorter start up time, decreased processing time, faster turn around time, ready access to laboratory results, easy repeat sampling ability, and many customized lab testing procedures. Laboratory results can be transferred electronically using various data formats to clients.

For questions regarding our analytical and accredited lab services for your early phase clinical development program please contact our client services team at bd@snbl-cpc.com or visit our website at www.snbl-cpc.com.
